

SPRAY WAX FURNITURE POLISH

With Beeswax – Silicon Free

DESCRIPTION & USES FURNITURE POLISH is made from the finest waxes and oils to give your furniture a high lustre shine and to enhance the natural colours of the wood grain. Removes surface stains, dirt, dust and fingerprints leaving a clean, waxed and polished surface with a long protective shine.

Recommended Application:

Suitable for light & dark timber, enamel and laminate.

APPLICATION

Method:

Shake can well and rotate nozzle towards red dot before using. Hold can upright approximatley 15-20cm from surface and spray lightly onto the area to be polished. Using clean, soft, dry cloth polish gently.

For hard to reach areas spray directly onto cloth before polishing. Use regularly to ensure your furniture is conditioned adequately.

NOTES

If unsure of a particular surface, test in an inconspicuous area.

FOR INDUSTRIAL USE ONLY Data shown are mean values and cannot be construed as product specifications. Users are advised to make their own tests to determine the suitability of products for their own purposes.
