

Warranty

Brio (The Supplier) warrants that its products are supplied fit for their intended purpose and free of manufacturing defects and material flaws. Should any defect in materials and/or workmanship becomes apparent within 10 years from the date of purchase, the Supplier will repair or replace the product free of charge, provided the defective product:

- Was correctly installed and maintained according to the Suppliers recommended procedures;
- Was utilised only for its intended purpose;
- Was not either deliberately or accidentally misused, abused or neglected;
- Was not damaged as a result of environmental conditions, natural disasters or other events beyond the control or the Supplier.

This warranty does not cover general deterioration in appearance or performance that occurs as a result of normal operation.

The liability of Brio shall be limited to the repair or replacement (at the Suppliers option) of the defective product. The Supplier will not be liable for any other direct or indirect costs, loss or damage to person or property, or any consequential losses.

The Supplier excludes, to the extent permitted by law, all other warranties, whether expressed, implied or statutory.
