

**Cabiseal**  
CABISEAL.WT / CABISEAL.BK

**Product Details**

Cabiseal is a cover plate specifically designed to seal the access hole when connecting a dishwasher through cabinetry

Offering a high quality seamless finish, Cabiseal is also used in the finishing stage of the Cabiseal System, a reliable installation method ensuring consistency and increase to on-site efficiency

A simple two step process, the Cabiseal System involves implementation of a standardised CNC machined cut-out to production, for fit off with the Cabiseal cover plate after dishwasher installation

**Specifying the Cabiseal System:**

Cabiseal cover plate (BIM file or 3D render)  
Cabiseal cut out (DXF file download)
